Welcome to the 2023 Hygain Tasmanian Dressage Championships!

On behalf of Dressage Tasmania I would like to thank Hygain for their ongoing support of dressage in Tasmania. The equestrian community is fortunate to have Hygain as Major Naming rights sponsor again for 2023.

We are indebted to the individuals and businesses who sponsor and make an event of this quality possible, along with the ongoing support of Equestrian Tasmania.

Congratulations to the North West Zone as 2023 organiser, never an easy task, Tasmania's dressage community applaud the sacrifice of time and effort made for such a great outcome.

# FROM THE 2023 CHAMPIONSHIP DIRECTORS

---

Welcome to the 2023 Hygain Tasmanian Dressage Championships hosted by the Dressage Tas North West assisted by Dressage Tas Northern Zone at our combined home grounds at Thirlstane.

We would like to extend a very warm welcome to our judges, sponsors, volunteers, riders and supporters to this year's Tasmanian Dressage Championships.

We are excited and grateful to welcome Hygain back again this year as our generous naming rights sponsor. It is wonderful to see this relationship continue to grow. Our appreciation and thanks also go to the Arena, Championship, Class, and Supporter sponsors. The generosity of sponsors is what makes this event possible.

We are also lucky this year to have demonstrations and trade stall exhibitors from across Tasmania and the mainland. Please take the time to visit them, spend up big and acknowledge and thank them for their attendance.

We have a fundraising Raffle available, with some great prizes, (details in the program). Make sure and get your tickets, you've got to be in it to win it. It will be drawn at the Sunday presentations.

We would like to acknowledge the hard work of the 2023 Hygain Tasmanian Dressage Championships committee and volunteers. Without their efforts and dedication this event would not be possible.

Have a wonderful event! Best of luck and happy riding to those competing.

# THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

1. The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.
2. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
3. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
4. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
5. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, retirement, and euthanasia. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

## CALCULATION OF CHAMPIONSHIP CLASSES

The calculation of championship classes will be according to 2023 EA Dressage Rules, Rule 3.19 Awards and placings. Awards are made to place getters, irrespective of percentage received. The following is a guide:

- a) up to 5 starters, ribbons to 3rd place
- b) up to 15 starters, ribbons to 5th place
- c) more than 15 starters, ribbons to 8th place
- d) in case of equality of percentage for any of the first three places, the higher total of the collective mark/s, including coefficients, will decide on the placings
- e) should there still be a tie, the rider score will be the final decider
- f) when there is equality of places from fourth place and below, the competitors are joint equal placegetters
- g) In the following cases, places will be determined as follows:

✿ in the case of equality of marks for first place in a Freestyle test, the combination with the higher mark, including coefficients for artistic presentation, will be the winner. If there is still equality, then they are equal winners.

✿ for the purpose of a one-off trophy or point-score award, if a clear winner is required, one of the following criteria should be decided upon and included in the Conditions of Entry:

✿ total the collective marks of each tied competitor. The one with the highest total collective marks is the winner

✿ if two tests are involved, the award should be to the competitor with the highest score in the highest test involved

For the purpose of deciding a Champion at a level, if a clear winner is required the following criteria will decide the winner:

- h) first placed horses will be allocated 35 points
- i) second placed will be allocated 34 points
- j) third placed will be allocated 33 points and so on to the last placed horse
- k) competitors must compete in both tests at level to be eligible for champion points
- l) the Champion is the horse with the highest combined points of the two tests
- m) in the event of a tie, the Champion will be the horse with the highest aggregate percentage at that level
- n) in the event of a further tie, the horse with the highest percentage in the higher competition at that level will be deemed the Champion.

*Get the EDGE you have been looking for!*

The modern equine athlete requires the latest in techniques and systems to keep them at optimal health and fitness.

Introducing Equissage Edge, the evolutionary equine treatment system that gives your horse the edge in competition.

As an athlete, your horse needs optimal circulation to achieve peak performance and muscle tone. Circulation improves recovery from exercise or injury, generates oxygenated blood, reduces swelling and joint discomfort. And can help prevent the build up of lactic acid and the accumulation of toxins.

Equissage Edge delivers powerful cycloidal, three dimensional vibrations to the whole body, and is scientifically proven to

1. improve local blood circulation
2. lymphatic drainage
3. relax muscles and increase joint mobility
4. can assist in rehabilitation from a multitude of injuries or persistent conditions

If you would like to give your horse "the Edge" and see how they respond to Equissage Therapy or YOU would like to know more, please come and see us at the Equissage EDGE Trade Stand in the Trade Village.
