# President

Hello everyone and welcome to our new season.

We had our presentation night and AGM on July 25<sup>th</sup>. Congratulations to all recipients of the awards from last year. These awards are well deserved and show the hard work and commitment of the riders. These awards are a great incentive to try and be committed over the entire season.

There were very few changes to our committee; I would like to thank Roger Blackwell for his many years of service on the NTEC committee. We all appreciate the dedication and willingness to share his professional and general advice on so many issues over the years. We look forward to seeing you at our events this season. I would also like to welcome Anna Hayward onto the committee as our public relations persona. Anna has kindly taken on the role of Facebook co-ordinator as well as the TEC web page co-ordinator thanks ever so much Anna.

As you may or may not know Quercus Park sustained considerable damage over the wet and cold week in July where there were many trees blown down. This has resulted in a complete lock down at Quercus Park while the trees are being cleaned up. We hope this won't take too much longer and that we will be able to get back into Quercus soon, so we can assess what damage has been done to our course. In anticipation, of the damage we need to have several working bees to clean up what damage remains so that we can continue to hold events there this year. We have had to alter our calendar to accommodate these unfortunate circumstances.

We are running a practice day for the Derby Day on the 14th September we will also use this as a working bee date so please mark your calendars appropriately. Now we intend to hold the Derby Day on October 12th. This looks like it is going to be a fun day with a chance to win a few dollars.

We hope to be able to organise some training days at Quercus and Fairlands on a monthly basis up until Christmas. These are a good opportunity to brush up on your eventing in readiness for the season and to help in getting the courses ready and getting a sneak preview of what the courses will look like.

Good luck and happy riding.

Sue

4 poles have been lost off the jumps trailer on the Bass Highway near the Illawarra Rd junction. These are lightweight poles bought as a trial by the club. Please let the club know if you have heard of anyone finding some lovely coloured jump poles.

## EVENTING RULES!

Riders, please make yourself familiar with the eventing rules <http://www.equestrian.org.au/eventing-rules>, in particular gear allowed by you and your horse in each discipline. Every year the rules are adjusted to suit the sport and some of these changes may affect you. One recent change is that the wearing of medical armbands is no longer required but next of kin details **MUST** be supplied at the start of the day at the caravan.
