Equestrian Tasmania Members

As you may be aware the Equestrian Tasmania (ETas) Board has taken recent action to dissolve the ETas Show Horse sub-committee.

This action was taken as the Board is legally bound to act according to our constitution, the Board is also Bound according to its obligations to the Tasmanian Government and the Australian Sports Commission who provide funding through Sport and Recreation and a various other government sources, to apply correct and good governance. Failure to do so would have serious detrimental consequences to funding and subsequent existence of Equestrian Sport in Tasmania.

Regretfully the ETas Show Horse committees' numbers had reduced to the point where they could no longer form a quorum at their meeting, as a result they were not acting within the ETas constitution, which as a sub-committee they are legally bound by, this meant also that the committee no longer had valid insurance cover and was exposed legally in the event of litigation.

To this end The ETas Board was duty bound to act in the best interests of all ETas members and stakeholders by dissolving the Show Horse sub-committee.

The Board is committed to reforming the sub-committee through holding elections in line with the ETas Annual General Meeting in August, the Board encourages all members from across the state interested and passionate about Show Horse in Tasmania to consider nominating for a role on that sub-committee.

In the interim The Board will assume the governance of Show Horse and will ensure that Show Horse members are supported through the running of events and clinics in both the north and south of the state and the appointment of Team Officials for the 2016 Australasian Show Horse Championships.

Kind Regards

Ray Le Fevre

Equestrian Tasmania Secretary

On Behalf of the Equestrian Tasmania Board.
