Introducing Sandy:

Sandy Jamieson is a well respected member of the horse world—both as a competitor and breeder/owner of Karma Park Stud that she owns with husband Greg. Karma Park is a small boutique stud producing Australian Riding Ponies, Part Welsh, Arabian Riding Ponies and one or two welsh ponies.

Sandy & Greg founded their stud in Keysbrook, Western Australia some 30 years ago. The name came about because Karma is your fate or destiny, many times Sandy tried to give up horses but they were in the blood so Karma Park was born.

Greg and Sandy sold their property in the West and December 2015 saw them purchase what was locally known as the Lavender Farm back in Victoria. Sandy is originally from Victoria. Her mother the late Lee Sinclair founded Malibu Park Pony Stud which still exists and is run by Sandy's sister Kerry Dunstan.

Karma Park stand two stallions, Wesswoods Raven Caste (ET) and Dainhill Royal Bow. Their band of mares and young stock number 21.

The stud has produced many outstanding show horses, with Karma Park horses winning Horse of the Year competitions in 3 states.

Sandy and Greg have much to do to set up their new property and look forward to their time here. The stud season will see them with 2 stallions standing at public stud.
